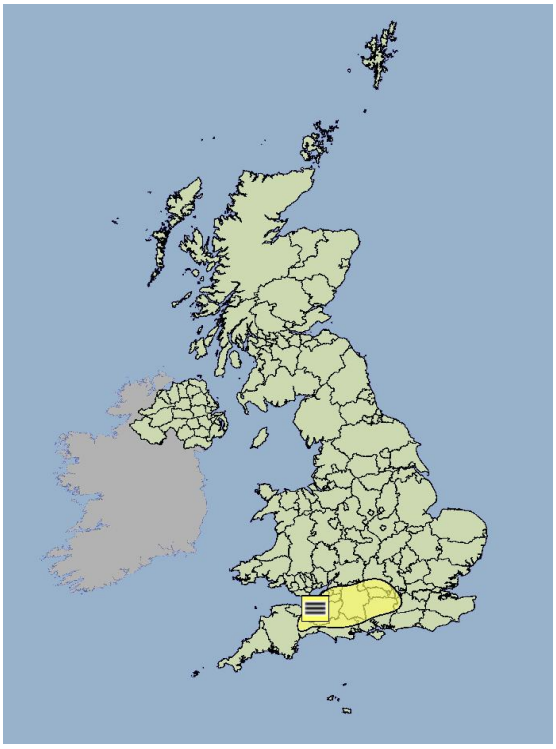
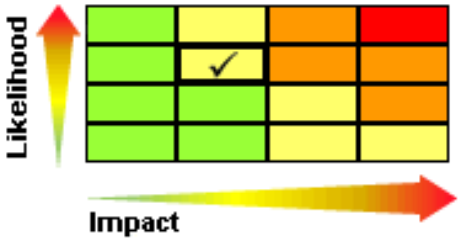
National Severe Weather Warning Service





Chief Forecasters Assessment
Not everywhere in the region will experience fog, but where it does form, visibility may drop below 100 m. This is most likely in low lying areas and valleys.

The Met Office have issued a **Yellow Warning** of **Fog**

Valid from **07:10 on Thu, 02nd Nov 2017** until **10:00 on Thu, 02nd Nov 2017**

Fog patches have developed overnight and have become more widespread towards dawn. Fog may be slow to clear through Thursday morning. Longer journey times and hazardous driving conditions are possible.

This is an update to pull the area further east given prevalence of fog patches this morning.
